

Mark Hanna

THE RIDER

Mark Hanna, a sixty year old father, husband and lawyer, is a native Montrealer and an avid weekend cyclist, and has been The Cedars Cancer Institute's *pro bono* legal adviser for the past 10 years.

THE MISSION

The *Ride with Lance* being organized by The Cedars Cancer Institute of the McGill University Health Centre is an exciting one-time opportunity for cycling enthusiasts to raise funds in the fight against cancer and for the benefit of cancer care and research and especially for the Cancer Care Mission of the MUHC.

THE ORGANIZATION

Since its founding almost fifty years ago, The Cedars Cancer Institute has been at the forefront in the Montreal community in providing support and resources to improve the lives of cancer patients of all ages, whether child or adult, their treatments and to acquire the most advanced state-of-the-art medical equipment in order to make available the best facilities. Cedars initiatives and programs also include *Cedars CanSupport*, *Cedars Breast Clinic* and the *Sarah Cook Fund*.

The hard-working, tireless and extremely dedicated volunteers, staff and Board of Directors of The Cedars Cancer Institute have continued and are continuing to devote their energies on a daily basis in this struggle against cancer and to help those with this disease through a very trying time.

A Message from Mark...

"It has been an honour and a privilege to work with such a dedicated, caring group and to witness first-hand and be a part of Cedars' efforts and accomplishments throughout each of those years. Please join me in this ongoing challenge against cancer and in this very special opportunity to raise needed funds for this fight. As Lance Armstrong once said *"It's Not About The Bike"*.

Thank you for your support and generosity.

Together, the Best Care for Life
