

Stéphane Bérubé

About Stéphane

Occupation: Vice-President,
RBC Global Markets

A message from Stéphane...

My life as a cyclist started oddly enough 8 years ago when my wife to be, Geneviève was diagnosed with multiple sclerosis. In 2004, totally out of shape, I started raising money for the cause, doing the provincial MS bike tour, a two day 150km ride. I slowly got back into shape over the last 3 years but my real passion for cycling only started last year, when Geneviève courageously said she wanted to join me in the ride for MS. Last year I rode 1500km and

this year I will easily surpass 3000km. I am the proud father of two incredible and most importantly, healthy children, Marie-Lou (2 years old) and Samuel (4 years old).

Stéphane is riding for...

My Aunt Doris, who was diagnosed with breast cancer two years ago and still fighting it today.

My co-worker Nathalie, who is presently undergoing cancer treatment.

My co-worker Michel's step-daughter, Tanya, who has been fighting a battle against leukemia for eleven years.

My mother-in-law Diane's friend, Nicole, who is presently fighting cancer.

My co-worker Sylvie's sister, Johanne, who passed away from cancer in 2001.

My wife's grandfather, Louis-Philippe, who passed away from lung cancer in 1986.

My mother's aunts, Georgette and Jeanne, who both passed away from cancer.

My co-worker Bill, who has been cancer free for 15 years.
